5th European Weathering Symposium EWS

(XXVIIth Colloquium of Danubian Countries
on Natural and Artificial Ageing of Polymers)

Invitation

It is with great pleasure that we invite you to participate and to present a paper in the 5th European Weathering Symposium EWS (XXVIIth Colloquium of Danubian Countries on Natural and Artificial Ageing of Polymers) to be held in Lisbon on September 21 - 23, 2011, organised by CEEES.

Launched in 1967 by four relevant institutes from Austria, Czechoslovakia, Hungary and Yugoslavia, the Colloquia of Danubian Countries have been the only exclusive meetings in the field of natural and artificial weathering of polymers for more than 40 years. Relunched as EWS they have attracted a broader scope of attendees.

In the tradition of these colloquia, the EWS is a meeting point for experts from industry and academia to learn from each other. The main topics in 2011 will be:

- Weathering of Polymeric Products – Plastics and Coatings
- Determination, Simulation and Effects of Relevant Climatic Quantities
- New Test Procedures and Devices
- Weathering Reference Materials
- Analysis of Polymer Degradation
- Service-Life Prediction

Schedule
